

West SILC Learner Behaviour Policy

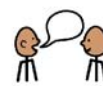

We want everyone to be safe and happy in our school community.

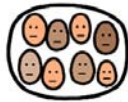

We will work with you to make things better if you hurt or upset someone.

We don't use our phones in school.

We don't touch people unless they say it is okay.

Everyone is welcome in our school and we treat them with respect.

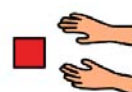

When we are in the community including our homes

and when we go on the internet

we still have to be nice to other people.

When we do well we may get a reward.
